Bassett Furniture News Release
BASSETT HOLDS ANNUAL MEETING, ANNOUNCES SPILMAN CEO AND FIRST QUARTER EARNINGS

(Thomasville, NC) - March 28, 2000 - Bassett Furniture Industries, Inc., a leading manufacturer and marketer of branded home furnishings, in its annual meeting of shareholders today announced that Robert H. Spilman Jr., formerly president and chief operating officer, has been elected chief executive officer. The company also announced earnings results for the first quarter of fiscal 2000, which ended February 26.

Speaking to shareholders, outgoing CEO Paul Fulton, said, "Bassett's board of directors this morning elected Rob Spilman Jr. chief executive officer. He continues as president. I will remain board chairman, but effective immediately, I will be a non-executive chairman. This company is in excellent hands with Rob Spilman as its leader. He knows the company and the industry better than anyone, and he has demonstrated again and again his ability to lead Bassett into its very bright future."

Commenting on the transformation of Bassett during Fulton's three years as chief executive, Spilman described a consolidation of manufacturing capacity from 42 to 14 plants, refinement of distribution channels to focus on major retailers, Bassett Furniture Direct stores (BFD) and At Home with Bassett retailers, a major investment in development of the Bassett brand, a four percentage point improvement in manufacturing gross margin, and a doubling of operating profit. Mr. Spilman outlined long range plans that include a continued aggressive expansion of BFD stores and significant top line growth.

For the first quarter of fiscal 2000, diluted earnings per share were \$.39 before the cumulative effect of an accounting change versus \$.34 in the prior year. Net sales for the quarter were \$95.0 million, down from \$99.8 million; sales declined because of the spin off of two operations, the bedding division and retail operations, from sales since the first quarter of 1999. The bedding division was sold in May 1999; Bassett continues to receive royalties on sales of bedding under the Bassett brand name. The company's retail stores were consolidated in December 1999 with those of the licensed Bassett Furniture Direct (BFD) stores operated by Phillip and Ronnie Ladin, forming a joint venture known as The Ladin Retail Group (LRG). Bassett's interest in profits and losses from this joint venture are reported in other income.

The consolidation of the retail business with the LRG joint venture was a factor in lower levels of both gross profit and selling, general and administrative expenses in 2000 versus 1999. Also, the Company's new table top plant negatively impacted Wood Division gross margins, due to continued startup related costs. Other income was \$3.7 million in 2000, versus \$3.4 million in 1999. Other income was affected by Bassett's share of the loss in the LRG joint venture, which approximated \$1 million; this loss was more than offset by income from other investments.

In the first quarter of fiscal 2000, the Company recognized a cumulative effect of an accounting change of \$535,000 (\$364,000 after tax) or \$.03 per diluted share as result of changing its accounting policy regarding start-up costs. Pursuant to the AICPA issued SOP 98-5, "Reporting on the Costs of Start-up Activities," any previously

capitalized start-up costs were required to be written-off as a cumulative effect of an accounting change. Accordingly, the Company has written-off the unamortized balance of the previously capitalized store opening related start-up costs.

Commenting on earnings for the quarter, Robert H. Spilman Jr., stated, "We are generally pleased with the results, particularly with the strength in sales volume of our wood products. The transition of our retail operations to the LRG joint venture is moving somewhat more slowly that originally expected, but we are beginning to see good progress. Retail sales were strong in both January and February, and we anticipate that our media advertising in March will result in further positive comparisons."

At the meeting of shareholders, Bassett stated that it is continuing its share repurchase program and has increased the number of shares it is authorized to repurchase under the current program. As of February 26, approximately 63% of the current \$40 million share repurchase program had been completed.

Also today, Bassett's Board of Directors declared a regular quarterly dividend of \$.20 per share payable June 1, 2000, to shareholders of record May 16, 2000.

Bassett Furniture Industries, Inc., based in Bassett, Va., is a manufacturer and marketer of branded home furnishings. The company operates 14 plants in five states, and licenses 52 Bassett Furniture Direct stores nationwide. The company's common stock is traded on the NASDAQ market under the symbol BSET. More information about Bassett is available on the company's new Internet site at www.bassettfurniture.com.
