Bassett Furniture News Release
Bassett Announces Special Dividend

(Bassett, Va.) – April 3, 2008 – Bassett Furniture Industries Inc. (Nasdaq: BSET) announced today that its Board of Directors, in its continued exploration of strategic alternatives for unlocking shareholder value, intends to issue to shareholders a special one-time dividend of \$1.25 per share, representing approximately \$15 million in the aggregate. The Company said that the Board will formally declare the dividend and set the record date in the future as the timing of liquidating a portion of its investment portfolio becomes more certain. The Company expects the record date will be set for this special dividend during the second quarter ending May 31, 2008.

Last month, the Company announced that it was increasing the quarterly dividend on the Company's common stock from \$0.20 to \$0.225 per share, an increase of 12.5%, and adding \$20 million of authorization to its share repurchase program, in order to return capital to shareholders in an efficient and practical manner. The special dividend announced today is in addition to those measures. The Company also announced that it intends to aggressively pursue its open market share repurchase program in the near term, with the goal of effecting repurchases or otherwise distributing approximately \$20 million in capital over the next year or so, for an aggregate return of capital of approximately \$35 million over and above the regular quarterly dividend.

"We are very pleased to announce the Board's decision to make a special distribution to our shareholders," said Robert Spilman Jr., Bassett Furniture CEO. "The Board is always very responsive to the interests of the Company's shareholders, and believes that a \$35 million return of capital to shareholders is viable and consistent with the long term goals of the Company. The special dividend and return of capital is a testament to the Company's strong balance sheet. The Board will continue its thoughtful monitoring of the Company's long-term strategy and prudent allocation of capital."
