Fiscal 2025 Second Quarter Overview (Dollars in millions)

(1) Our consolidated results for the quarter include certain intercompany eliminations. Consolidated results for the 2nd quarter of 2024 include asset impairment charges of \$5.5 million which are not allocated to our segment operating results. See Table 4, "Segment Information" below for an illustration of the effects of these items on our consolidated sales and operating income.

(2) Corporate and Other includes the operations of Noa Home Inc. (fiscal 2024 only) along with the shared Corporate costs that are benefiting both the Wholesale and Retail segments.

"We're pleased with both revenue and operating income improvements in the second quarter, despite the ongoing challenges affecting consumer confidence and purchasing decisions, including a historically weak housing market and uncertainty about the impact of trade tariffs on the cost of goods," said Robert H. Spilman, Jr., Bassett Chairman and Chief Executive Officer. "Our rigorous attention to increased operating efficiency, product launches, expanded e-commerce capabilities and more customized marketing helped us weather this tepid home furnishings market. We believe these advantages and our strong US manufacturing base position Bassett well to serve both wholesale and retail markets for the second half of fiscal 2025."
